Dear;

Betty and I would like to thank you for your generous donations over the past 35 years in support of our annual charity snowmobile adventure rides.

This year, I am introducing this tradition and legacy to my 13-year-old grandson Matthew Pattullo. Matthew will be challenged to endure and survive the frigid winter conditions of the northern Canadian wilderness. Matthew will attempt to ride 1000 miles on his 2005 Ski Doo snowmobile (built the same year he was born) to raise money for Juvenile Diabetes (www.jdrf.org) and his local Thumb Blue Water Youth for Christ (www.bluewaterthumbyfc.org).

Matthew will be joined and supported on this adventure by me (Grandpa George) along with my two sons Pete and Mike, older grandsons Bryon and Nicholas and other experienced MichCanSka riders. Our trip will start on February 23rd and traverse northern Ontario, Canada for 6 days, ending our 1000 mile ride on March 2nd.

Matthew and others will be wearing satellite GPS transponders and carry survival gear to overcome the conditions and challenges of this adventure. We will be posting videos and pictures daily on our website so you can follow us on our trip as well as send us e-mail and encouragement. Our website is: www.michcanska.com click on the link that is for the 2019 Ontario Loop Adventure.

Please help us to raise money to these worthy causes by making a check out to Juvenile Diabetes or Thumb Bluewater YFC and sending it to our address in the header above.

It is truly a great feeling to know that you are part of a significant mission to help cure Diabetes and help our local youth thru YFC.

Thank you so much for your Support
George and Betty Pattullo
